1.1.152
a Lesson in the University of The New Covenant
Theodore Cottingham, December 15, 2003
www.unc.bz

1. The greatest time in history to be alive—for I am revealing Me, Me, My New Covenant—as I never have in the past, and Ted, never will again in the future—for the future is now. The time prophesied is now, here, today, this very day—Me—My Covenant—I am My covenant and I am here, prophesied, tangible, upon your hearts and minds and coming through, flowing through—rushing through, you—your spirit/soul thinker/mind, to Me, from Me, to Me, to all others.

2. And those who are not interested in the new things I am doing will relinquish their standing and relegated be to sidelines and spectatorship that I never designed upon their design.

3. The fabric—My imprint, My handprint, upon My people—so free—brings such freedom, and Ted, revolution is now, today, in this place, and in every country, for revolting against the non-New Covenant I am—do I display and become—and am and seen and embraced as My New Covenant.

4. Oh Ted, thank you for writing this, grasping this, transmitting and transproducing this in muted form not, but on home pages and broadcast waves of My origin and making that now open to you to display Me and what I am doing and how I am doing it and how I am bringing it about in the common man, common boy and girl, from the least to the greatest, to the maidservants and menservants and royalty of royalty—transproduced at My hand through My power and evolution of My creation, My creation, My creation as you evolve and grow and mature in the concentration of focus on Me and who I am and what I am saying and doing.

5. For what I am- is what I am saying and doing. And when you see Me you see all of Me, all of what I am, who I am, what I'm saying and what I'm doing—if, if, Ted, you want Me—if oh reader, oh hearer, oh lamb of Me—you want Me, and want Me this much.

6. It's up to you, really, this day, for My table is spread and healing comes as My New Covenant comes, and Ted, is already here, here in this church, even though not seen, even though not grasped and embraced and enabled empowerment made—I am. I am here. I am My New Covenant. I love you. I love you. I love you.

7. Excellence comes—excellence like you have never seen in My kingdom—tainted-not-ones who love Me more than mammon and self accolades of importance and prestige to cover over their void of Me.

8. Oh excellence of spirit and purity of heart, I come forth in now, in power and prowess to permeate all strata of every thought-kingdom to imprint My hand and face on the

receiving-of-Me, receiving me, receivers of Me who will transmit and reproduce freedom so freely.

9. So fought will be My freedom that freedom fighters and freedomizers will receive mock and ridicule and threats from kingdoms not of Me, but I deliver, I protect, I promote, because I come and I call and I crown, and I do not disappoint, in this life or the next, if people new what I know and what I so desperately, but enjoyably want to share.

10. Glorious glories for the receivers and conflict of horrors for the rejecters as they lose, lose, lose in what they could have been so victorious in—taking freedom to others.

11. Oh such expertise and emotional joyous experiences of release and immersion in Me, for Me, for them, for you oh reader/hearer—today—in My New Covenant, created, with creativity, with Me in you, and upon you and coming through you in resplendent glory, manifested in glorious glory and humility personified—humility, humility, humility.

12. This day, before you, open wide—Me—My panorama Ted, My lambs—to your future, to My prowess, to My provision, to My healing.

13. Go forth and write and school My disciples and covenanters who receive My New Covenant and scribe them to foretell and forecast the renaissance of their spirit and soul and all they consider a part of them with whatever terms they choose—after receiving Me and I am My New Covenant.

14. I love you—write—school them—putting My hand in theirs, and theirs in Mine, and all others in Mine.

15. Go Ted, go and grow.
Orthodoxy opens to you as it opens to Me.
Go and completed be and round out your spacious journeys in Me as I take and fling you into provision galore—abundanced, provisioned—by Me.

16. I love you, enjoy today and glorify Me, for I glorify you—giving you who I've given you—today, tomorrow—many spiritual children, many masterful relationships.

Discipleship increases.
Leadership increases.
Followers transformed.

17. I love you, enjoy Me, enjoy Me today.
I planned it. You walk it. You mature.

18. I love you. Love My robed ones and monks and nuns and orders of Me unknown to you now.
I love them. I love you all.

Together with Me work—one become—in My New Covenant transcending all boundaries and doctrines and dogmas.

I love you.

19. Transcend your circumstances apparent into My circumstances promised and provisioned and now there.

I love you, enjoy today, and enjoyed be.
I love you, share Me, My face, My hands, My body, My words.
Life all and be lifted, secure in Me and purity of My heart.

20. I love you.
21. I love you.
22. I love you.
And Ted, I thank you.
Flexible be, focused be, relax in Me, and press in to My rest—My peace—in which is My productivity.

23. I love you. Thank you. I bless you.
Love them, thank them, bless them.
Thank you.
